the made there.

In order to eliminate two dangerously sharp corners on the highway between Westerly and Watch Hill, at and near Thompson corners, the highway commission is planning to change the course of the highway so that the corners will be abandoned and to build a new stretch of highway across the Stanton Thompson lot and parallel with the tracks of the Shore Line Electric company. By permission of the owner, a survey is being made and a roadway 40 feet in width is being staked out.

Mrs. James J. Pine of Modesto, Sar Sanguin valley, Cal., a former resident of Westerly, is here on a visit to relatives. She is acrompanied by her niece. Mr. and Mrs. E. D. Holmes have returned to New York after a visi; in the village.

Waterbury.-It is probable that the playgrounds will close next Saturday night and that the local public schools will not open during the first two weeks in September because of the prevalence of infantile paralysis in this city, according to an announcement made by Health Officer Dr. T. J. Kilmartin to the board.

Winsted.—Announcement was made that the sixteenth annual golf tourna-ment which was to have been on the links of the Norfolk County club on Aug. 39-31, and Sept. 1, 2 and 4, had been cancelled because of the infantile paralysis prevalent in other towns and cities.

Naugatuck,-Until this year practially without colored men or women his city is rapidly increasing its ne-ro population. Last Saturday fifteen this city is rapidly increasing the gro population. Last Siturday fifteen were brought to work on the construction of the new post office, while this week twenty-cight came from New Haven to work on the state road, Shelton .- Of all the tasks that the

that which fell to the lot of Joseph W. Wellington, who in the course of his MURPHY, FRIENDS SAY, WANTS TO QUIT AS

Charles F. Murphy, leader of Tammany Hall, the Democratic organiza-tion of New York city, and a power in state politics, according to persons who are in his confidence, never again will sit as head of the Tammany dele-gation in a Democratic state convengation in a Democratic state conven-tion. Reports that he intends to re-tire from his leadership have been current before, but they have never come in such definite form as they come now from the lips of his friends. According to these statements, the man who for the last fifteen years has wielded the scepter in Tammany hall through good and evil fortune, without any one ever seriously disputing his leadership, is determined in all events to retire on Dec. 31, 1917. It is the fond hope of the Tammany chieftain that by that time he will have added to the list of his political achievements a straightout Tammany victory in a New York city mayoralty campaign.

Remarkable Road And Race Track Records

TUNE, July and August have recorded a series of remarkable racing records achieved with the aid of Goodyear Cord Tires.

These victories are valuable because they offer corroborative evidence of the very qualities for which Goodyear Cord Tires are famous.

The terrific speed of the shorter contests, and the sustained speed of the longer ones, are added proof of that stoutness, liveliness and speediness which every Goodyear owner experiences in every-day use, and which led to the adoption of Goodyear Cord Tires as standard equipment on the Franklin, the Packard Twin-Six, the Locomobile, the Peerless, the White, the Haynes Twelve, and the Stutz.

> Goodyear Cord Tire achievements to date have been as follows:

World's record for one mile on one-mile track, Des Moines, Ia., June 25, 1916, De Falma driving Mercedee car. Speed at the rate of 102 miles per hour.

World's record for 5 miles on one-mile track, Des Moines, Ia., Lewis driving Crawford car. 3 minutes, 2 seconds. 98 miles per

Pourth place, 150-mile race on one-mile track, Des hicines, Ia., June 26, 1916, Lewis driv-ing Crawford car.

First place, 50 mile race, on one-mile track, Des Moines, Ia., June 26, 1916, Lewis drive-ing Crawford car. 89 miles per hour. Second place, 20-mile race, Des Moines, Ia., June 16, 1916, Lewis driving Crawford car.

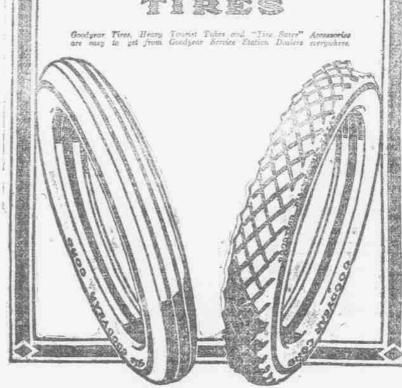

Second place, 10 mile race, Des Moines, Is, June 26, 1916, Lewis driving Crawford car, 90 miles per hour. First place, 5-mile race, one-mile track, Des Moines, In., June 26, 1916, Lewis driving Cractiond car. 90 miles per hour.

First place, 100-mile race, 115 mile dirt track (poor condition), Kansas City, Mo., De Palma driving Mercedes car. 65 miles pot

First place, Eddle Rickenbacher driving Maxwill car. Third place, Lewis driving Maxwell car. Third place, Lewis driving Crawford car. Fourth place, De Pelina driving Mercedes car. Fifth place, Henderson driving Moxwell car.—350-mile race ou 2-mile track, at Tacoma, Wash., Aug. S, 1916. Speed of winner 89 miles per hour.

In this race, the biggest event of the season on the Pacific Coast, and one of the few races recognized by the American Automobile Association, Eddie Rickenheacher won on Goodyear Cord Tires without tire trouble. He changed his four threa for anfaty's take only. Lewis who won third changed hat one tire. De Palens who won fourth changed but one tire. Tenderson who won fift went

round of inspection as a member of the committee, mounted to the top of the high flag pole at the Lafayette school and adjusted the rope whereby the flag could again be unfurled to the

spectacle and pageant of The Melting Pot, in which more than 1,000 slittle Bradford,-Dr. Abraham Sophian, in girls were to have taken part on the charge of the paralysis epidemic here, suggests that an orthopedic clinic be closing of the summer playgrounds, established for the treatment of children who recover from the disease and still suffer from parlysis of the legs
